No. 14.—The following notification of the Government of India is republished :—

HOME DEPARTMENT

POLICE.

New Delhi, the 3rd January 1935.

No. F.-134/LII/34-Police.—His Excellency the Viceroy and Governor-General of India has been pleased to confer the Indian Police Medal on the following officer :—

Name of officer and rank and statement of services for which the decoration has been conferred.

MADRAS.

G. Ramasubbu, Sub-Inspector.—On the 17th September 1934, at about 6-30 p.m. in Salem Town, while excavation work was being done in a trench about 20 feet long, 12 feet deep and 2 feet wide, there was a sudden landslide which buried a coolie under 5 feet of earth and half buried three others. A large crowd soon gathered at the place, but no one ventured to enter the trench to assist the unfortunate coolies. Sub-Inspector G. Ramasubbu was passing by at the time and seeing the crowd, came to the place. Earth was still falling and there was obvious and great danger in entering the pit. Regardless of this, the Sub-Inspector leapt into the pit with a spade, and within twenty minutes by his personal labour succeeded in unearthing the buried coolie. The man had collapsed and was unconscious, but was eventually revived by a doctor who was summoned to the spot. The life of the coolie was saved by the presence of mind, energy and courage of the Sub-Inspector.

N.B.—This award is made for gallantry under regulation (*d*) (i) of the regulations governing the grant of the Indian Police Medal and consequently carried with it the special allowance admissible to officers of and below the rank of Inspector of Police.

King's Police Medal.

New Delhi, the 1st January 1935.

No. F. 25/VII/34-Police.—His Majesty The KING-EMPEROR OF INDIA, has been pleased to confer the King's Police Medal, on the following officer :—

Name of officer and rank and statement of services for which in particular the decoration has been conferred.

MADRAS.

1 Bayapaneni Subbarayudu, Inspector of Police.—A dangerous criminal was absconding and on the 14th September, 1934, Inspector Subbarayudu noticed him in a refreshment room on a railway station platform. The wanted man, a Hindu, was at the time disguised in Muslim clothing and, further to conceal his identity, had grown a small beard. He was known favourably to be armed with a revolver and believed to be prepared to use it. Name of officer and rank and statement of services for which in particular the decoration has been conferred.

The Inspector none the less immediately grappled with him, prevented his persistent attempts to get at the revolver in his pocket and eventually, with assistance, overpowered him. It was then found that he had in his pocket a fully loaded six-chambered revolver and two more revolvers and ammunition in his suit case. The Inspector displayed presence of mind and courage of a very high order in effecting the arrest at the risk of his life.

N.B.—The award is for conspicuous gallantry. The officer is eligible for the allowance sanctioned in the Home Department letter No. F.-25/IV/34-Police, dated the 7th February 1934.

No. F.-114/XXXVII/34-Police.—His Excellency the Viceroy and Governor General of India has been pleased to confer the Indian Police Medal, and in one case a bar to the Medal previously awarded, on the following officers :—

Name of officer and rank and statement of services for which the decoration has been conferred

MADRAS.

1 C. P. Michael, Inspector of Police.—This officer was enlisted as Sub-Inspector in 1910 and transferred to the Special Branch of the C.I.D. in which for 18 years he has done a great deal of consistently valuable work. He has particularly distinguished himself in both Civil Disobedience movements, in maintaining touch with other subversive movements and in the investigation of revolutionary crime, on one occasion himself securing the arrest of an armed terrorist.

2 M.R.Ry. Rao Bahadur Paramandi Kanakaraja Pantulu Garu, Inspector of Police.—This officer was awarded the title of "Rao Sahib" for his work in the 'Ficuri' operations and of "Rao Bahadur" for his services in the Civil Disobedience campaign. His tact, ability and untiring work has recently been of high value in forging many important links in the investigation of revolutionary crime.

3 M.R.Ry. Boreddy Pallayya Nayudu Garu, Inspector of Police.—This officer's indefatigable energy contributed largely to the success of the investigation of a recent terrorist plot. By day and night marches and night raids over an extensive area he secured much useful information and the speed with which he moved forestalled escape and the destruction of evidence.

4 M.R.Ry. Veluti Narayanamurti Pantulu, Inspector of Police.—This officer showed great ability and thoroughness and achieved conspicuous success in the investigation of a revolutionary conspiracy. He has already been awarded the Indian Police Medal for his meritorious services in the Civil Disobedience movement. He is now awarded a bar to the Medal.

5 Syed Zahur-ud-din Ahmed, Officiating Inspector of Police.—This officer's specially good work has been recognized by reward or good service entry on no fewer than 25 different occasions. In a recent terrorist case it was his information and the arrangements which he suggested which led to the initial unearthing of the conspiracy and the arrest of three armed terrorists and laid the foundation of a successful prosecution.

6 Kovel Ranga Pillai Gopala Pillai, Inspector of Police.—This officer entered service as a clerk in the Salt Department in the year 1901. In 1905 he was selected as Sub-Inspector of Police and rose to the rank of Circle Inspector in 1911. Throughout his service in the Salem, North Arcot, Tinnevelly and Ramnad districts he has shown exceptional energy and rendered specially good service. He did commendable work in districts where the Civil Disobedience movements were troublesome in the years 1930 to 1932. In the latter year he ran to earth two dangerous gangs of wandering criminals in the Ramnad district. His detection of the Kilakkarai decoity with murder of 1933 was a first class piece of work and in 1934 he took up a murder case in Kilakkarai at a late stage and after the initial investigation had failed and by his detective ability and hard work unravelled the crime and brought four murderers to justice. His detective work and success in bringing crime under control in general deserves high praise.

Name of officer and rank and statement of services for which the decoration has been conferred.

7 Vallath Puthuveettil Karunakara Menon, Inspector of Police.—As sub-Inspector and Inspector, Mr. V. P. Karunakara Menon has served mostly in the 1921 rebellious area of the Malabar district and for his good services in the rebellion he was awarded the King's Police Medal. His work in different Police circles has won the praise of the officers under whom he served. The scene of the Guruvayur Temple Entry campaign was in his circle and, when Mr Kelappan Nair undertook his prolonged fast and local factions excitement ran high, it was largely due to the excellence of Mr. Karunakara Menon's arrangements and to his consistent tact, good sense and forbearance that a very difficult situation was tided over successfully without untoward happening of any kind. He was in charge of the Cannanore Town Circle when in March 1934 serious trouble broke out between the local communities of Moplahs and Thiyyas. There was sporadic rioting and fighting for several days and his coolness, resourcefulness and untiring work contributed largely to the final control of the disturbances.

8 Parasurama Lala Murilal, Inspector of Police.—This Inspector was enlisted in 1910 and has put in 24 years of good service and devotion to duty distinguished by 32 rewards for outstanding work. He worked hard and very successfully in dealing with the Civil Disobedience movements of 1930 and 1932 and in 1933 was responsible for detecting the ramifications of a revolutionary conspiracy in his district.

9 P. S. Natesa Ayyar, Inspector of Police.—Mr. P. S. Natesa Ayyar was enlisted as Sub-Inspector in 1905 and promoted to Inspector in 1917 and 2nd class Inspector in 1921. His dud good work in the non-co-operation movement of 1921 and further good work as Prosecuting Inspector in the Civil Disobedience movements of 1930–32. In 1933 he was specially selected to conduct the prosecution of an important revolutionary case and was commended by the trying Magistrate. He was subsequently transferred to the Special Branch for duty in a complicated terrorist conspiracy case and his arduous work in the investigation, preparation and presentation of the case contributed largely to its successful issue.

10 Muhammad Habeeb-ud-din Sahib Siddiqui, Inspector of Police.—This officer was enlisted as Sub-Inspector in 1918 and posted to the Criminal Investigation Department in 1926. He was successful in tracing dangerous subversive agents from abroad. Subsequently he did good work in the Civil Disobedience movement and received a number of rewards, showing great skill in surveillance. In 1933 he rendered valuable service in the investigation of revolutionary crime, secured important evidence and assisted in tracing and arresting more than one offender.

No. 37.—In exercise of the power conferred by section 1 of the Madras Irrigation Cess Act, 1865 (Madras Act VII of 1865), the Governor in Council is hereby pleased to make the following rules for the levy of water-cess for the irrigation of crops with water from the Tippayapalam reservoir, Markapur taluk, Kurnool district.—

RULES.

1. For the purpose of these rules—

(1) Irrigation is said to be 'regular' when the crops are irrigated under and in accordance with the terms of a permit in force issued by the Executive Engineer.

All other irrigation is 'irregular.'

(2) A 'second crop' is a crop grown on land on which a first irrigated crop, not being a dalsaal crop, has already been grown in the same fash.

(3) A 'third crop' is a crop grown on land on which either two irrigated crops or an irrigated dalsaal crop has already been grown in the same fash.

(4) A 'dalsaal crop' is a crop which normally remains on the ground for more than six months, such as sugarcane, betel and turmeric.

II When water from the Tippayapalam reservoir is supplied for the regular irrigation of crops, water-cess shall be levied at the following rates —

(i) for a first irrigated crop not being a dalsaal crop—Rs. 12 per acre.

(ii) for a second irrigated crop not being a dalsaal crop—Rs. 6 per acre.

(iii) for an irrigated dalsaal crop—Rs. 18 per acre

(iv) for a third irrigated crop—Rs. 6 per acre.

Provided that when the water cannot be used for irrigation without raising it by baling or by means of a mechanical contrivance, a deduction of one-fourth of the said rates shall be made

III. The land specified in a permit issued by the Executive Engineer may be irrigated until the permit is withdrawn or cancelled by the Executive Engineer by notification in the District Gazette, and if a sluice or pipe is shown in the permit, the land shall be irrigated only from that sluice or pipe. No application for such a permit is necessary

IV. For irregular irrigation with water from the Tippayapalam reservoir, water-cess shall be levied in accordance with the rules contained in Revenue Department Notification No 195, dated the 8th May 1933, published at pages 779-780 of Part I of the *Fort St. George Gazette*, dated the 23rd May 1933, as altered or amended from time to time.

V Notwithstanding anything contained in the foregoing rules, the Government reserve the right with or without reasons given, to discontinue either temporarily or permanently, the supply of water to any land, to alter the source of supply to any land and to modify the method of charging for water and the rates at their discretion.

3. The Tahsildar of the taluk in which the notified area is situated shall prepare and maintain a list of persons who have been granted licenses under section 4 of the Act. The list shall form the electoral roll for the constituency of persons licensed under section 4 of the Act. A copy of the list shall be posted in the Taluk Office and in the office of the Market Committee where one has been established. Copies of such list shall be made available for inspection and sale in the taluk office and in the office of the Market Committee.

Nomination of candidates.

4. The Election Authority shall publish a notification in the District Gazette calling upon the constituencies of the growers of commercial crop or crops and of the persons licensed under section 4 of the Act to elect their representatives on a date fixed by him in accordance with the provisions of these rules.

5. Not less than 42 days before the date fixed for the election the Returning Officer shall publish in the chief vernacular of the district and in such other languages as he may deem necessary a notice in the District Gazette and post copies of such notice in village chavadis or some conspicuous places in all the villages included in the area determined under clause (i) of sub-section (2) of section 6 of the Act stating—

(a) the number of persons to be elected;

(b) the date on which, the place at which and the hours between which nomination papers should be presented to him or to any other person authorized by him in this behalf which shall not be less than fourteen days from the date of publication of notice;

(c) the date on which the nomination papers will be taken up for scrutiny which shall be not less than ten days from the date prescribed for presentation of nomination;

(d) the date on which and the place or places at which the votes of the electors will be taken, should there be a poll and the hours during which the poll will be open, not being less than six hours between 7 a.m. and 6 p.m.; and

(e) the day on which and the place and hour at which he will count the votes.

'6. (1) The nomination of every candidate shall be made by means of a nomination paper in Form I which shall be published by the Returning Officer along with the notice.

(2) Every nomination paper shall be signed by two electors as proposer and seconder and the candidate shall sign a declaration on it expressing his willingness to stand for election.'

(3) The same elector may sign as many nomination papers as there are vacancies to be filled. Each candidate shall be nominated by a separate nomination paper.

(4) The nomination papers shall be serially numbered on receipt.

(5) Where a person has signed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the

papers so signed which have been first received up to the number of vacancies to be filled shall be deemed to be valid.

(6) Nomination papers received after the date and the time appointed shall be rejected.

7. On the presentation of a nomination paper the Returning Officer shall verify the names of the proposer, seconder and the candidate with the electoral roll. Where necessary, he shall direct that the nomination paper be amended so as to be in accordance with the electoral roll.

8. On the third day following the day fixed for the presentation of nomination papers, the Returning Officer shall publish in the Taluk offices a list in Form II of all nominations received with a notice that the nomination papers will be taken up by him for scrutiny in his office on the date appointed under clause (c) of rule 5 at the hour specified.

9 (1) On the date appointed for the scrutiny of nominations under clause (c) of rule 5, the candidates, one proposer and one seconder of each candidate and one other person duly authorised in writing by each candidate, and, except for the purpose of assisting the Returning Officer, no other person may attend at such time and place as the Returning Officer may appoint, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates.

(2) The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection. The scrutiny shall be completed on the day appointed in this behalf under clause (c) of rule 5 and no adjournment of the proceedings shall be allowed.

10. The Returning Officer shall then examine the nomination papers and shall decide all objections which may be made at that time to any nomination and may either on such objection or on his own motion after such summary enquiry if any as he thinks necessary reject any nomination on the following grounds :—

(i) the candidate, the proposer or seconder is a person whose name is not registered on the electoral roll, and

(ii) the nomination has not been made in the manner prescribed.

11. On completion of the scrutiny of nominations, the Returning Officer shall prepare a list of persons whose nominations are in order in Form III and post it on the notice board of the Taluk office and in the office of the Market Committee where one has been established not less than ten days before the date fixed for election.

If the number of candidates exceeds that of the vacancies, a poll shall be taken.

12. The Returning Officer shall appoint one polling station for each polling area and shall appoint one or more polling officers for each polling station. He may also, if necessary, appoint one or more identifying officers to assist the polling officer in identifying the electors.

Provided that in the case of elections by persons who have been granted licenses under section 4 of the Act, the poll shall be taken at the headquarters of the Returning Officer or at the office of the Market Committee by an officer (hereinafter called the polling officer) deputed by the Returning Officer.

13. If after the taking of a poll has become necessary and before the poll is taken, a candidate who has been duly nominated dies, the Election Authority shall, upon being satisfied of the fact of the death of the candidate, countermand the poll; and election proceedings shall be started afresh in all respects as if for a new election.

Provided that no fresh nomination shall be necessary in the case of a candidate who stood nominated at the time of the countermanding of the poll.

Voting.

14. The polling officer shall keep order at the station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except his own clerks, the candidates, one agent of each candidate, and three Overseers (hereinafter referred to as the polling agent) appointed in writing by the candidate, the police on duty and such persons as may be admitted for the purpose of identifying the electors.

15. The ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom without the box being unlocked. Just before the commencement of the poll, the polling officer shall show the ballot box empty to such persons as may be present at the polling station and shall then lock it up and place a seal upon it in such manner as to prevent its being opened without breaking such seal and place it in his view for the receipt of ballot papers and keep it so locked and sealed. The key of the ballot box shall also be placed under seal.

16. The Returning Officer shall provide for each polling officer such number of clerks as may be necessary and shall supply him with a copy of the electoral roll, a list of the nominations, ballot papers and boxes, and such other papers, stationery and forms as may be necessary.

17. Ballot papers shall be printed in Form IV. They shall be serially numbered, the number being printed on the face of the counterfoil and on the back of the outer foil. They may be printed either in English or in the chief vernacular of the place of election or in both and the names of the candidates shall be entered on them in the order of the alphabets of the language in which the names are first printed. If there are two candidates of the same name, they shall be distinguished by the addition of their occupation or in some other suitable way.

18. Immediately before a ballot paper—that is the outerfoil of Form IV—is handed over to the elector, the polling officer shall

(i) initial it on the back;

(ii) enter the elector's name and number in the electoral roll on the corresponding counterfoil of Form IV, and

(iii) affix his initials against the elector's name in the electoral roll,

The polling officer shall then tell the elector how many votes may be given and shall give him the ballot paper.

19. The elector on receiving the ballot paper shall forthwith proceed to the place set apart for the purpose and there make a mark against the name of the candidate or candidates for whom he intends to vote. He shall then fold up the ballot paper so as to conceal his vote and after showing to the polling officer his (polling officer's) initials thereon put it into the ballot box.

20 (1) If any elector is unable to read the ballot paper or make a mark thereon and applies for assistance, the polling officer shall read the ballot paper to the elector and, if so required by him, mark the ballot paper at the polling officer's table and in the presence of the candidates or their polling agents, if any, according to the directions of the elector and give it to him to be put in the ballot box. The candidates and polling agents present shall have a right to hear the elector's request and to watch the polling officer when he marks the ballot paper.

(2) In the case of every elector whose ballot paper is marked in this manner by the polling officer, a note shall be made on the corresponding counterfoil in Form IV by the polling officer of the reason why it was so marked.

(3) The marking of a ballot paper by the polling officer under sub rule (1) shall not be questioned subsequently on the ground that it was not in accordance with the elector's directions.

21. Special facilities in accordance with the instructions, if any, issued by the Election Authority in that behalf may be accorded to women electors.

22. (1) Any ballot paper which is not duly marked or on which votes are given to more candidates than there are members to be elected or on which any mark is made by which the electors may afterwards be identified shall be invalid.

(2) If more than one mark is placed against any candidate's name, they shall count only as one vote in his favour, provided that the elector has not placed marks against more candidates than there are members to be elected.

(3) If any one of the marks is so placed as to render it doubtful for which candidate such mark is intended to apply, the vote concerned, but not the whole ballot paper in case where more than one vote can be given on the same ballot paper, shall be invalid, provided that the elector has not placed marks against more candidates than there are members to be elected.

23 When a person presents himself to vote and at any time before a ballot paper is supplied to him the polling officer may of his own accord and shall, if so required by a candidate or polling agent, put to such person either or both of the following questions :—

(i) Are you the person enrolled as follows (reading the whole entry from the roll).

(ii) Have you already voted at the present election in the polling station or in any other polling station,

and the person shall not be supplied with a ballot paper

unless he gives an unqualified answer to the question or questions put to him and unless his answer to the first question is in the affirmative and the second in the negative. Except as mentioned herein, every person whose name is found on the electoral roll shall be entitled to be supplied with a ballot paper.

24. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall after duly answering such questions as the polling officer may ask be entitled to mark the ballot paper in the same manner as any other elector. The ballot paper (hereinafter referred to as a tendered ballot paper) shall, instead of being put into the ballot box, be given to the polling officer, and endorsed by him with the name of the elector and his number on the electoral roll and set aside in a separate packet and shall not be counted by the Returning Officer. The name of the elector and his number on the electoral roll and the name or distinctive number of the polling station shall be entered in a list in Form V which shall bear the heading 'Tendered Votes List.' The person tendering such ballot paper shall sign his name and address on the list or affix his thumb impression thereto.

Explanation.—In cases falling under this rule to which rule 23 is also applicable, the provisions of this rule as well as of rule 25 shall be followed.

25. If any candidate or polling agent declares and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the polling officer may require such person to enter in the list of challenged votes which shall be in Form VI his name and address and if he is unable to write to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner prescribed in rule 23 gives unqualified answers to the first question in the affirmative and the second in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The polling officer shall make a note of the circumstances and of his decision in the list of challenged votes.

26. An elector who has inadvertently dealt with his ballot paper in such a manner that it cannot be conveniently used as a ballot paper may, on delivering it to the polling officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt one, the latter one together with its counterfoil being marked as cancelled.

27. (1) Immediately after the close of the poll, the polling officer shall, in the presence of such of the candidates and their polling agents as may be in attendance, make up into separate packets and seal with his own seal and the seals of such candidates or polling agents as may desire to affix their seals—

(a) each ballot box in use at his station unopened;
(b) the keys of such boxes,
(c) the unused and spoilt ballot papers, both ordinary and tendered, with their counterfoils,
(d) the tendered ballot papers,
(e) the marked copies of the electoral roll and the counterfoils of ballot papers;
(f) tendered votes list; and
(g) the list of challenged votes.

(2) The packets shall be forwarded at once by the polling officer to the Returning Officer accompanied by a statement in Form VII. Each packet shall be numbered and shall bear a note as to its contents.

28. On the day and at the place and hour appointed for the counting of votes, and in the presence of such candidates and their agents as may be in attendance the Returning Officer shall proceed as follows:—

(a) The ballot box or boxes relating to each polling station shall be opened one after another; and the Returning Officer shall take out the papers therefrom, count them or cause them to be counted and record the number thereof in a statement in Form VIII.

(b) The Returning Officer shall then mix together the whole of the ballot papers of all the ballot boxes. The examination and counting of the votes shall then commence. The Returning Officer shall on every ballot paper which is wholly or partially rejected endorse the word 'Rejected.' If any candidate or agent present questions the correctness of the rejection, the Returning Officer shall also record on the ballot paper the grounds for the rejection briefly.

(c) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates or their agents as may desire to affix them; and adequate precaution shall be taken for their custody.

29. (1) After the Returning Officer has completed the scrutiny and counting of votes he shall prepare a return of the results of the polling in Form IX, and after verifying the totals of the votes with the figures in Forms VII and VIII shall, subject to the provisions of rule 32 declare that the candidate or candidates to whom most valid votes have been given, has or have been duly elected.

(2) Any candidate or his agent shall, on application, be permitted to take a copy or an extract from the return in Form IX.

30. The Returning Officer shall not open the sealed packets containing the tendered ballot papers or the marked copies of the electoral roll or the counterfoils of the ballot papers.

31. Upon the completion of the counting and the declaration of the results, the Returning Officer shall seal up in separate packets—

(1) the ballot papers, all or some of the votes on which have been counted; and

(2) the ballot papers, all the votes on which have been rejected,

and shall mark on each packet the number of papers it contains. A note shall be made giving a description of the contents of each packet and the election to which it relates.

Disposal of ballot papers.

32. (1) The Returning Officer shall, after declaring the results, forward a copy of the return to the Election Authority and shall retain in his custody the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof. These packets shall not be opened and their contents shall not be inspected or produced except under the orders of the Election Authority.

(2) The Returning Officer shall return the packets and the marked copies of the electoral roll for a year and shall then unless otherwise directed by the Election Authority, cause them to be destroyed.

General.

33. If there is an equality of votes between any two or more candidates, the Returning Officer shall, after notice to the candidates concerned, decide by drawing lots which candidate or candidates he shall declare to have been elected.

34. The name or names of the candidate or candidates duly elected shall be published in the office of the Returning Officer and in the office of the Market Committee.

35. (1) If any question arises as to the interpretation of these rules, the question shall be referred to the Election Authority, whose decision shall be final.

(2) Pending the decision of the Election Authority on any such reference or the issue of final orders on any inquiry which the Election Authority may institute upon receipt of information that an election is being or about to be held in contravention of these rules, it shall be lawful for the Election Authority to direct the stay of the election proceeding at any stage thereof prior to the declaration of the results. Any election held or continued in contravention of the orders of the Election Authority under this rule shall be void and of no effect whatsoever.

(3) Unless it is otherwise ordered by the Election Authority, election proceedings stayed under this rule shall, on cancellation of the stay order, proceed from the stage at which they were stayed on fresh dates to be fixed.

No. 29.—

In exercise of the powers conferred by sections 12 and 23 of the Madras Co-operative Land Mortgage Banks Act, 1934 (X of 1934), the Governor acting with the Minister is hereby pleased to make the following rules for the purpose of carrying out the provisions of Chapters III and IV of the Act.

RULES UNDER THE MADRAS CO-OPERATIVE LAND MORTGAGE BANKS ACT.

I.—Definitions.

Definitions.

1. In these rules, unless there is anything repugnant in the subject or context,—

(a) 'the Act' means the Madras Co-operative Land Mortgage Banks Act, 1934;

(b) 'applicant' means—

(i) in the case of an application under Chapter III of the Act, the committee of a mortgage bank; and

(ii) in the case of an application under Chapter IV of the Act, the committee of a mortgage bank or any person duly authorized by such committee in that behalf;

(c) 'distrainer' means an officer of the Co-operative department who is empowered to distrain and sell the produce of the mortgaged land including the standing crops thereon in accordance with the provisions of Chapter III of the Act by the Registrar or any person appointed by the Local Government under section 3 of the Madras Co-operative Societies Act, 1932 to assist the Registrar; and

(d) 'Principal officer of the Co-operative department in the district' means the Deputy Registrar of Co-operative Societies having jurisdiction over the district.

II.—Procedure in the Distraint and Sale of Produce.

Deposit of costs of distraint and sale.

2. (1) No application under sub-section (1) of section 9 of the Act shall be received unless the applicant deposits the necessary costs of distraint and sale on a scale fixed by the Registrar.

Procedure on receipt of the applications.

(2) The application shall be in such form as may be required by the Registrar and shall be signed by a person authorized by the committee. On receipt of the application the Registrar or the person appointed to assist the Registrar under section 3 of the Madras Co-operative Societies Act, 1932, shall, if satisfied that the particulars set forth in the application are correct, prepare a demand notice in duplicate, in the form laid down by the Registrar, setting forth the name of the defaulter, the amount due together with interest and forward the same to the distrainer concerned.

Rules for seizure and sale of property distrained.

3. In the seizure and sale of the produce of the mortgaged land including the standing crops thereon, the following procedure shall be observed:—

Defaulter to be served with demand notice.

(a) As soon as a distraint is made the distrainer shall deliver to the defaulter a list of the property distrained and shall give him intimation in writing of the place, and the day and hour at which the distrained property will be sold;

Provided that where owing to the absence of the defaulter it is not possible to deliver such list to the defaulter, the distrainer shall affix a copy of such list on some conspicuous part of the defaulter's usual place of residence endorsing thereon the place where the property is kept and the place, day and hour at which the property will be sold.

The distrainer shall make proper arrangements for custody and preservation of the distrained property during the interval between the distraint and the sale.

The applicant shall, if required by the distrainer, undertake the custody and preservation of the property distrained and shall be responsible for any loss or damage to the distrained property incurred owing to the applicant's negligence.

Time of distress.

(b) The distress shall be made after sunrise and before sunset and not at any other time.

Distrained crops how dealt with.

(c) If crops or ungathered products of the land belonging to a defaulter are distrained, the distrainer may cause them to be sold, when fit for reaping or gathering, or at his option may cause them to be reaped or gathered in due season and stored in proper places until sold.

What places distrainer may force open.

(d) It shall be lawful for the distrainer to force open any stable, cow-house, granary, godown, out-house or other building, and he may also enter any dwelling-house the outer door of which may be open, and may break open the door of any room in such dwelling-house for the purpose of distraining the produce of the mortgaged land lodged therein, provided always that it shall not be lawful for such distrainer to break open or enter any apartment in such dwelling-house appropriated for the zenana or residence of women except as hereinafter provided.

Powers of distrainer to force open doors in presence of Police officer

(e) Where a distrainer may have reason to suppose that the produce of the mortgaged lands is lodged within a dwelling-house the outer-door of which may be shut, or within any apartments appropriated to women, which, by the usage of the country, are considered private, the distrainer shall represent the fact to the officer in charge of the nearest police station.

On such representation, the officer in charge of the said station shall send a Police officer to the spot, in the presence of whom the distrainer may force open the outer door of such dwelling-house, in like manner as he may break open the door of any room within the house except the zenana.

The distrainer may also, in the presence of the Police officer, after due notice given for the removal of women within a zenana, and, after furnishing means for their removal in a suitable manner (if they be women of rank who, according to the customs of the country, cannot appear in public) enter the zenana apartments for the purpose of distraining the produce of the mortgaged land, if any, deposited therein, but such property, if found, shall be immediately removed from such apartments, after which they shall be left free to the former occupants.

Proclamation of time and place of sale and of property to be sold.

(f) The distrainer shall cause proclamation of the time and place of the intended sale to be made by beat of drum in the village in which the defaulter resides or the produce is kept and in such other place or places as the distrainer may consider necessary to give due publicity to the sale.

No sale shall take place until after the expiration of a period of 15 days from the date of the service of the demand referred to in section 10 of the Act; provided that where the property seized is subject to speedy and natural decay the distrainer may sell it at any time before the expiry of the said period of 15 days.

Sale, how conducted.

(g) At the appointed time and place the distrainer shall sell in auction the distrained property or such part thereof as may be necessary, in one or more lots as the distrainer may consider desirable and dispose of the same to the highest bidder.

(*h*) The property shall be paid for in cash at the time of sale, or as soon thereafter as the distrainer shall appoint, and the purchaser shall not be permitted to carry away any part of the property until he has paid for it in full. Payment on purchase of distrained property.

(*i*) If the purchaser fails in the payment of the purchase money, the property shall be resold and the proceeds of such resale shall be applied in the manner provided in section 11 of the Act. Any deficiency of price which may happen on the resale and all expenses attending such resale shall at the instance of either the applicant or the defaulter be recoverable from the defaulting purchaser under the provisions relating to the execution of an award of an arbitrator under the Madras Co-operative Societies Act, 1932. Resale in case of default.

(*j*) Where on an application made in this behalf it is proved to the satisfaction of any civil court of competent jurisdiction that any property which has been distrained under these rules has been forcibly or clandestinely removed by any person, the court may order forthwith such property to be restored to the distrainer. Penalty for forcibly or clandestinely taking away distrained property.

Explanation.—For the purposes of this clause, 'civil court of competent jurisdiction' shall mean the civil court which would have jurisdiction to entertain a suit to enforce the mortgage.

(*k*) Where prior to the day fixed for sale a defaulter, or any person acting in his behalf, or any person claiming an interest in the property distrained pays the full amount due, including interest, batta and other expenses incurred in distraining and proclaiming the sale, the distrainer shall not proceed with the sale and shall release the property forthwith. Withdrawal of distress on tender of amounts due and expenses prior to sale.

(*l*) Where any claim is preferred by any person other than the defaulter to any right or interest in the distrained property, the distrainer shall investigate the claim and dispose of it on its merits: Investigation of claims to any right or interest in the distrained property.

Provided that no such investigation shall be made where the distrainer considers that the claim was designedly or unnecessarily delayed.

Where the property to which the claim applies has been advertised for sale, the distrainer may postpone the sale pending the investigation of the claim.

III.—Procedure in the Sale of Mortgaged Property.

4. In the sale of mortgaged immovable property under the provisions of Chapter IV of the Act, the following procedure shall be observed:—

(*a*) No application under sub-section (1) of section 14 of the Act shall be received unless the applicant deposits the necessary costs of proclamation and sale on a scale fixed by the Registrar. Deposit of costs of proclamation and sale.

(*b*) The application shall be in such form as may be required by the Registrar and shall be signed by the applicant or where the applicant is the committee of a mortgage bank, by a person duly authorized by the committee. It shall state the amount due for recovery including interest, expenses incurred in the service of the notice referred to in clause (*b*) of sub-section (2) of section 13 of the Act, the names and addresses of the persons on whom notice was served under the said clause. It shall also contain a description of the immovable property to be proceeded against sufficient for its identification, and in case such property can be identified by boundaries or numbers in a record of settlement or survey the specification of such boundaries or numbers. Form and contents of application for sale of immovable property.

Procedure on receipt of application.

On receipt of the application the sale officer shall give a notice in writing to all the persons referred to in clause (b) of sub-section (2) of section 13 of the Act stating the amount claimed by the bank including expenses incurred by it in the service of notice and the particulars of the properties to be sold in case of non-payment within a time to be allowed by the sale officer.

Procedure when default, or neglects to pay.

(c) If before the expiration of the time allowed in the notice issued under clause (b), the amount specified in such notice is not paid, the sale officer shall, after giving notice to the mortgage bank on whose behalf the application is made, proceed to sell the immovable property specified in the application in the following manner.—

Proclamation before sale.

(d) Proclamation of sale shall be published by affixing a notice in the office of the Principal officer of the Co-operative department in the district and in the taluk office at least ten days before the date fixed for the sale and also by beat of tom-tom in the village where the mortgaged property to be sold is situated on three consecutive days previous to the date of sale. The proclamation shall state the time and place of sale and specify as fairly and accurately as possible—

(i) the property to be sold;

(ii) the revenue or rent payable in respect thereof;

(iii) the amount for the recovery of which the sale is ordered; and

(iv) every other matter which the sale officer considers material for a purchaser to know in order to judge of the nature and value of the property.

Sale to be by public auction.

NOTIFICATION.

INSTRUCTIONS TO CANDIDATES APPEARING FOR THE EXAMINATIONS TO BE HELD IN 1935.

Candidates for University Examinations are required to observe the following instructions very carefully :—

1. Silence should be maintained in the examination room.

2 Candidates should take their places in the examination hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3 Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8). They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, serd-board, manuscript, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else, from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared rejected by the Syndicate and of being debarred from sitting for the University examinations for such period as the Syndicate may decide.

The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8 Clarke's Mathematical and Physical Tables will be supplied to candidates in Mathematics, Physics, Chemistry, Chemical Technology and Geography of the Intermediate, B.A., B.Sc., B.A. (Honours), B.Sc. (Honours) and Pre-Registration examinations only. Candidates should not bring into the Examination Hall their own copies.

9. Candidates for examination in Science subjects shall submit their laboratory note-books to the Examiners concerned on the first day of the practical examination. Each of the candidates taking Botany as the main subject for B.Sc. Degree Examination must submit at the practical examination his laboratory note book, a collection of the named plants collected and preserved by himself and a record of the field work. The candidates should get back the laboratory note books at the close of the examination.

10 Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working and loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has gone up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centre for their hall tickets three days before the commencement of the respective examinations. *Any particulars noted in the hall tickets differing from those given on the application for the examinations should be immediately reported to the Chief Superintendent by the concerned candidate.*

14. *No college student will be allowed to select a centre for his examination other than that in which the college he studies is situated, except for satisfactory reasons and on the recommendation of the Principal of his college.*

15. *A candidate who undergoes his course of study in an affiliated college but appears for the examination a second or a subsequent time, having failed previously, should also select the same centre in which the college he studied is situated, except under extraordinary circumstances.*

16. *Candidates appearing at centres where they are not known must be prepared to satisfy the Chief Superintendents of such centres as to their identity. They shall also be required to place their signatures upon the identification certificates produced by them before the Chief Superintendents of the respective centres. The officer from whom the identification certificate is produced however be the Principal of a college or a Government officer of a rank not less than that of a Sub-Magistrate provided he states that in the case of a candidate for the Matriculation Examination an identification certificate from the Headmaster of a recognised High school will suffice.*

STATISTICS—CROP REPORT—GROUNDNUT—1934—FOURTH OR FINAL REPORT.

The average of the areas under groundnut in the Madras Presidency during the five years ending 1932-33 has represented 49·9 per cent of the total area under groundnut in India.

2. The area sown with groundnut in the Presidency in 1934 is estimated at 2,323,300 acres. When compared with the corresponding estimate of 3,830,400 acres for the previous year and the area of 3,779,365 acres as per season and crop report of fasli 1343 this reveals a decrease of 39·3 and 38·5 per cent respectively. The estimated area for this year is less than the normal area of 3,317,650 acres by about 30 per cent.

The decrease is general and is due partly to the insufficiency of rains at sowing time and partly to the low price of groundnut prior to and at the time of sowing.

3. The harvesting of the summer and early crop of groundnut was finished by October. The harvesting of the winter or main crop is proceeding.

The crop suffered from drought in most districts and its condition is below normal except in Ganjam, East Godavari, Kistna, Ramnad and Tinnevelly where it is normal or above normal. The condition of the crop is markedly below normal in Bellary (45 per cent), Anantapur (38 per cent) and Cuddapah (60 per cent). The seasonal factor for the Presidency works out to 77 per cent of the average as against 84 per cent in the previous year as per season and crop report. On this basis, the yield is expected to be 802,800 tons of unshelled nuts as against 1,176,200 tons in the previous year, a decrease of about 50 per cent. The yield in an average year is estimated at 1,660,990 tons.

4. The wholesale price of groundnut shelled per imperial maund of 82·2/7 lb. as reported from important markets towards the close of December 1934 was Rs. 4-14-0 in Cuddalore, Rs. 4-10-0 in Vizagapatam and Vizianagram, Rs. 4-2-0 in Adoni and Cuddapah, Rs. 4 in Salem and Rs. 3-14-0 in Nandyal. When compared with the prices of October 1934, these prices reveal a rise of 14 per cent in Cuddapah, 12 per cent in Vizianagram, 11 per cent in Nandyal, 8 per cent in Adoni and Cuddalore, 7 per cent in Vizagapatam and 6 per cent in Salem.

5. Figures by districts are given in the statement appended.

Note.—A further quantity of about 34 tons which has not been classified as yet, will also be offered for sale

1. The wood has been classified according to the classes noted above and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification will be allowed nor will complaints of any kind be admitted.

2. The various classes have been stored in the sandalwood godowns in quantities of 5, 10 and 15 tons for convenience, but the quantities so exposed will not constitute an actual lot for which bids will be accepted. Each class of wood will be offered for sale separately in quantities of 15, 10 or 5 tons or less to suit the convenience of bidders. Bids will be per ton of each class of wood.

3. The sale will be subject to confirmation by the Conservator of Forests, Coimbatore circle, who does not bind himself to accept the highest or any bid.

4. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted treasury chalan for the amount will also be accepted. In the case of intending bidders, who have previously bought sandalwood from the Forest department, a cheque for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

5. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the first instalment of the purchase price.

6. Each purchaser shall, immediately a quantity is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission, on his part of his having purchased that particular quantity and of having accepted the conditions of the sale notice. No person will be allowed to deposit and bid jointly at the sale.

7. Immediately the sale is over, each purchaser, if he has offer for any definite quantity has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount, less the earnest money deposit, into the Imperial Bank of India at Coimbatore or Madras, within fifteen days of the confirmation of the sale and another 25 per cent before 30th March 1935 the balance of 50 per cent being paid on or before 1st June 1935, or against delivery, whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser, who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

8. After 50 per cent of the entire sale value has been paid to the credit of the Forest department delivery of the sandalwood shall be made to the purchaser, provided that, until full payment has been made, a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, even though paid for.

10. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 *supra*. If, however, proof is produced that the entire sale value has been paid the whole of the sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before 8th June 1935.

11. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department, must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the week allowed in clause 10, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

14. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the district "sale hammer" mark.

15. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

16. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

17. The contractor shall bear the cost of taking delivery of sandalwood.

18. Each intending bidder unless specially exempted by the Conservator of Forests, Coimbatore Circle, Coimbatore, on an application made in writing at least fifteen days before the date of sale, must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides; and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificates.

19. Any supplementary conditions that may be found necessarily will be added and read out at the time of auction.

20. The full quantity of wood advertised for sale will not necessarily be put up to auction.

21. Further particulars can be had on application to the District Forest Officer, North Coimbatore division, Coimbatore.

If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed in the standard "Preliminary Specification" regarding payment of scoringage, tolls, etc.

He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. 15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. No payment will be separately made for baling water and for forming diversion or protective bunds. The rates given by the tenderer must include the above-mentioned charges.

17. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. The tenderer should therefore state in clear terms, whether they employ such technical staff and, if so, to give the qualifications of such staff and the extent to which they will be employed on the work.

CONDITIONS OF SALE.

1. Intending Bidders must attend either in person or by duly accredited agents and no person will be permitted to bid either on his own behalf or on behalf of any other person unless he has deposited in cash or currency notes the sum of Rs. 50 with the officer conducting the sale prior to the commencement of the sale. The earnest money will, at the close of sale, be returned to the unsuccessful bidders. The officer conducting the sale may at his discretion refuse to accept the bid of any person on the ground that he is unsolvent or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. In case of any dispute during time of sale, the decision of the officer conducting the sale shall be final. If for any reason the highest bid is rejected, the next highest shall be taken or the right resold at his discretion.

2. The right will be knocked down to the highest bidder subject to the conditions in paragraph 1. But the sale shall be subject to confirmation by the Executive Engineer, West Coast Division, who may accept or reject any bid at his discretion without assigning any reasons.

3. On the result of the sale being declared and accepted by the officer conducting the sale, the successful bidder must deposit immediately in cash a further sum which inclusive of the sum of Rs. 50 deposited prior to the sale will make up one fourth of the total amount of his bid. This amount will be held as security—such deposit not bearing interest—for the due fulfilment of the conditions of the sale in this notice and the lease bond hereinafter mentioned and any balance which remains after deducting the dues to the Government on account of the non-fulfilment of the above conditions will be returned to the lessee on the expiry of the lease. Should he fail to do so, the deposit made by him under clause 1 will be forfeited and the farm will be put up for sale again immediately by the officer conducting the sale on the above conditions or otherwise disposed of by the Executive Engineer and the defaulter will be debarred from bidding again for the sale.

4. On confirmation of the sale by the Executive Engineer, the successful bidder shall deposit within ten days of the fact being intimated to him one-third of the amount of his bid and shall deliver within one month of the date of such intimation a stamped lease bond undertaking to bind himself to observe the conditions laid down in this notice. The stamp duty shall be borne by the bidder himself. He shall further pay one third of the bid amount on or before 1st August 1935 and the balance one-third on or before 1st December 1935. If the above amounts are not paid on the due date or the agreement executed within the said period, the deposits and payments already made may at the discretion of the Executive Engineer be forfeited and the sale cancelled and the right of collecting tolls resold or otherwise disposed of at the risk of the said bidder who will be liable to make good any loss to Government resulting from the resale or its disposal in any other manner.

8. If at any time subsequent to the sale the purchaser shall be found or considered to be of doubtful solvency, he may be required to deposit a further security of Rs. 50 in addition to the sum prescribed in paragraph 3 supra or to get a surety or sureties to execute a security bond for the due payment of all amounts that may become due by him under the terms of the contract, the bond shall be stamped and registered at the expense of the purchaser.

9. In all cases of cancellation of sale by the Executive Engineer, West Coast Division, the lessee shall forfeit his right to collect any fees from the date of such order and the lessee shall forthwith surrender the station peacefully to the Executive Engineer, West Coast Division, or any officer deputed by him. Also it shall be perfectly lawful to the Executive Engineer or his deputy to take possession of the station from the date of such order of cancellation of sale and to resell the right of collecting fees or otherwise dispose of it.

7. 8. A notice board shall be posted and maintained in proper order at the lessee's cost in a conspicuous place near the ferry station containing both in English and Malayalam the fees to be levied. If the lessee should fail to do so within a week after taking charge of the farm it will be done by the Public Works Department and its cost recovered from the lessee.

The Subdivisional Officer or the Supervisor, Public Works Department, will inspect the ferry to see that the boats maintained by the renter are in serviceable condition and that other requirements are complied with. The inspecting officer may test the conveying capacity of the boats by actual experiment and may in anticipation of the approval of the Executive Engineer legibly paint in English and Malayalam the carrying capacity on the boat at the time of his inspection at the renter's expense. In estimating capacity, there must be a free board of nine inches at full load.

The maintenance of boats is not insisted on during dry weather if the ferry is worked only during the monsoon.

11. Every passenger will be allowed to carry with him free of charge luggage not exceeding 82-2/7 lb. in weight. The renter shall provide a weighing balance at the ferry to ascertain the weight of the cargo which the passengers are allowed to take with them.

12. In the event of any breach of the conditions herein contained the Executive Engineer shall have power to forthwith cancel and determine the contract and the whole or balance of deposit shall then be forfeited. In the event of any sum in excess of that specified being found to the satisfaction of the Executive Engineer to have been demanded or accepted of any passenger, etc., by the lessee or by his authorized agent or by any other person in his employ, the Executive Engineer shall have power to forthwith cancel and determine the lease and the lessee shall in such cases forfeit the whole or balance of his security deposit and other payments made and shall have no claim to any rebate on account of any unexpired period of his lease and he shall have no claim to any profit that may accrue on a resale.

Madras Act II of 1934.

STATEMENT OF OBJECTS AND REASONS.

Under section 11 of the Madras Local Boards Act, 1920, as it stands now, the term of office of members of local boards elected at ordinary elections is three years beginning and expiring at noon on the 1st day of November and ordinary elections should take place in the months of August and September preceding the occurrence of the vacancies. The general elections to four district boards and to almost all the panchayats which were unions were held in 1934 and the next ordinary elections to these bodies are therefore due to be held in August and September 1937, that is, at about the same time. The general elections to the other district boards and panchayats were held in 1932, and the next ordinary elections to these have consequently to be held in August and September 1935. Thus a large number of Government servants have to be appointed in all the districts simultaneously as polling and identifying officers. This interferes with the normal working of the Government departments and offices in the mufassal. The maintenance of peace and order at polling stations also becomes a matter of difficulty to the police, as the district police are scattered throughout the Presidency.

Again, under section 51 of the Act, the electoral rolls for all local boards have to be prepared and published before the end of June, in the years in which ordinary vacancies occur. The rolls so prepared and published have to be revised and lists of amendments and corrections thereto prepared and published before the end of June, in each of the other years. As one of the qualifications for the inclusion of a person in the electoral roll is his assessment in the previous year to any tax, the work of revision can be taken up only after the commencement of the financial year before which the final list of assessees will not be ready. The time then available is too short to admit of a careful revision of the rolls, with the result that cases of wrong entries in electoral rolls are frequently brought to the notice of Government. Further, the extension of the franchise by Madras Act XI of 1930 has made the task of annual revision of the electoral rolls unduly heavy and prohibitively expensive. It may also be mentioned here that the rolls for the Madras Legislative Council elections are prepared only once in three years and that they are not subjected to annual revision.

In view of the difficulties and considerations set out above, it is proposed—

(a) to dispense with the publication of annual lists of amendments to the electoral rolls prepared for local boards,

(b) to divide the Presidency into three groups of districts, consisting of eight or nine districts each (the grouping, which it is the intention of Government to bring

into effect when the Bill comes into force, is shown in the Annexure),

(c) to arrange with the help of a permanent staff for the preparation and publication of the electoral rolls of every local board in each group once in three years,

(d) to extend the time for such preparation and publication by a period of four months with an enabling provision to extend the time by a further period not exceeding one month in special circumstances,

(e) to hold the ordinary or general elections in any year only to those local boards the rolls of which are prepared in that year, and

(f) to make the necessary transitional provisions adjusting the dates of the next ordinary elections and the term of office of members elected thereat.

Clauses 2 to 6 of the Bill make the necessary amendments to sections 11, 15, 45-A, 51 and 240 of the Act and clause 7 of the Bill is a transitional provision which is necessary in order to enable effect to be given to the amendments made by clauses 2 to 6. The provisions are largely based on those contained in rule 6 of the Schedule to the Madras Local Boards (Amendment) Act, 1930 (Madras Act XI of 1930).

A Bill (Bill No. 14 of 1934) to achieve the same result as this Bill was published in the *Fort St. George Gazette* on the 28th July 1934, but it was not found possible to introduce that Bill in the August meeting of the Legislative Council owing to want of time. Meanwhile, elections have had to be held in accordance with the provisions of the existing Act to four of the district boards and to almost all the panchayats which were formerly unions. This has made it necessary to revise and republish the Bill.
